**Meeting Objectives  
Community-Based Initiatives'  
Learning Community Meeting**

**September 23, 2015**

---

**Participants will:**

- Learn about approaches to collective governance and ways to tailor models to suit local needs.
- Explore with local experts the practical application of strategies to involve grassroots leaders on issues essential to the community building process.
- Use open space discussions to network with others involved with community-based initiatives.
- Engage in peep-to-peer learning and share developing insights.
- Experience the learning community as a safe place to ask questions and to learn.
