

CarePartners

A Community Solution to Health Care and Medication Access

January 2016

Programs and Counties

CarePartners-Program Goals

- ▶ **Increase access to healthcare and existing community resources for low income, uninsured adults.**
- ▶ **Support healthy behaviors, appropriate utilization of healthcare services, and improve health status outcomes for enrollees.**
 - **MaineHealth, *lead hospitals in each coverage area, volunteer providers, Anthem Blue Cross and Blue Shield donates third party administrative services and Martin's Point donates data analysis**

*Lincoln County Healthcare, Maine General Medical Center, Maine Medical Center, Pen Bay Healthcare, Southern Maine Health Care, Waldo County Healthcare

CarePartners

Three components of the program are:

- Volunteer provider network (primary care providers, specialists & hospitals)**
- Case management (provided by bachelors level social work case managers/experienced social service workers)**
- Affordable pharmaceuticals through a limited formulary, prescription assistance program applications & information on \$4 generics**
